American Foot Jewelry Droshipping

The company does offer dropshipping however not much of dropshipping information is provided on the website. The website does not provide an email id, however the company is active with facebook, twitter and pinterest. Hence customers interested in having their enquiries answered may contact the company through the social media. Jewels by Jan is a family business operating from Iowa and Californis which deals with trendy foot jewelry and beaded bracelets. Jewels by Jan mainly deal with barefoot sandal pattern suitable for beach weddings. This business of Jewels by Jan was started in 2003 when Jan and Pat the founders of the business started to design hand crafted beaded foot jewelry and this project was begun. Besides, the company also has provided address, phone and fax numbers for their customers interested in dropshipping to contact. More products have also been displayed in the website and all further information can be sought from the company directly.
