American Sunglasses Dropshipping Survival Optics Sunglasses is a California based optical store which deals with high tech sunglasses at low prices. Survival Optics Sunglasses design, manufacture and distribute their attractive & technologically advanced products at very affordable prices. Survival Optics Sunglasses claims to manufacture their products using highly durable material which not only lasts long but also provides all day long comfort and protection for the eyes. The website provides a catalog of products which gives an idea of the design of the sunglasses. They promise a life time replacement guarantee as well as provide assurance to the quality and workmanship of their products. They offer wholesale as well as dropshipping programs. All dropshipping items can be sold at the retail price indicated which has 50% profit. The dropshipping prices include the handling charges which can be charged to the buyer and the 50% margin is retained by the reseller. The website provides the phone and fax numbers besides a couple of emails for all enquiries. Hence all dropshipping enquiries can be directed to one of these media.
