Chinese drop shipper of themed merchandise ArtsNow is a unique online business allowing artists and retailers mutually benefit from their services. With a warehouse in the Fujian Province in China, they are able to process over a thousand orders each day. Those orders are then sent over to their headquarters in Hong Kong for quality check and then immediately sent to the post office, normally within 48 hours from receipt. ArtsNow also has an office located in Houston, Texas where they receive all written correspondence. Artists sell their designs through the website which will then be printed on a wide array of products for resellers and retailers to offer their customers. Some of the items they print custom designs on are hoodies, earrings, tank tops, mugs, mats, clocks, blankets, cell phone cases, cell phone protective skins, cards and other stationery, photo books, photo bags, posters, and many more. ArtsNow requires customers to have an active PayPal account to subscribe to their drop shipping or reseller program. The first 30 days are free, and then succeeding months are billed. Prices are dependent on the terms the customer chooses - whether to be subscribe for 3 or 6 months or annually.
