Distributor of books and other media Gardners Books is a British books and media distributor based in Eastbourne, East Sussex in England. The company has been an independent wholesaler for over 27 years, having been bought by Alan Little and his family in 1986. Ever since, they have catered to thousands of businesses worldwide, and have been continuously adding new products to their range to keep them up to date with trends. At Gardners Books, one could no run out of titles to choose from to resell and offer through their own retail businesses. Gardners Books stocks over 400,000 books – fiction, non fiction, educational books, et cetera – as well as over 870,000 eBooks titles which are readily available for download, and over 100,000 CD, DVD, Blu-ray and vinyl titles. To apply for a wholesale credit account with them, customers may download and fill out the application form on their website, and then email, post or fax it back to them for approval and credit check. The approval process can take up to two weeks, and applicants will be receiving further instructions upon the company's receipt of their forms.
