

Directron

10402 Harwin Drive
Houston
Texas 77036

Phone: 888-582-1834

Wholesaler of computer and other IT products Directron is an American IT products wholesaler based in Houston in Texas. They have been in business since 1991 through the parent company HCCI, and the online store live since 1998. The company has received dozens of awards and recognitions both from private organizations and government institutions, all of which are laid out on their website for reference. Some of the products offered by Directron are keyboards, mice, laptops and notebooks, computer cables and adapters, gaming gears, USB flash drives, printers, scanners, power supplies, memory cards, monitors, video cards, wireless networking products, solid state drives, CCTV cameras, motherboards, cooling fans, digital cameras, CPUs, CDs and DVDs, hard drives and enclosures, and many more. To become a reseller, one may download and print out the application form from Directron's website. All applications are subject to approval, which may take several weeks. The entire process is explained in detail on the site. For other inquiries and concerns, they may be contact by phone, email, Google Hangouts or snail mail.
