

Drive Solutions

31113 Via Colinas
Westlake Village
California 91362

Phone: 877-738-6900

Wholesaler of computer drives Drive Solutions is an American computer drives and other accessories wholesaler based in Westlake Village in the state of California. The company was established in 1994 and has over 15 years of experience in data recovery services. They boast of a state of the art testing equipment for data recovery called the Flexstar test unit. Some of the products offered by Drive Solutions include laptop batteries, laptop hard drives, solid state hard drives, Windows software, data transfer kits, desktop memory, external hard drives, SCSI and SAS hard drives, and HP server drives. They also offer hard drive upgrades for brands such as Compaq, Apple, Hitachi, Fujitsu, Dell, eMachines, Samsung, Lenovo, and IBM. For all orders, inquiries and other concerns, customers may contact Drive Solutions by phone, email or fax. One may also drop by their office Mondays through Fridays, between 8am and 4:30pm Pacific Time, directions to which are available on their website.
