Dropshippers of hand bags and fashion accessories. Hand Bags at Wholesale is a Florida based drop ship supplier of handbags as well as other fashion accessories. The range consist of largely women's hand bags and wallets however recently the company has started to expand their product range into t-shirts, men's clothing , men's fashion accessories and some jewelry. Although Hand Bags At Wholesale charge an annual access fee to their drop shipping program, the prices they offer for their goods yield a higher than usual profit margin, requiring you to only make a few sales per annum to cover the basic access fee of \$99. They also offer fully featured custom built store fronts if you do not have a website yourself, these services however come at a much higher price tag. Being an offshoot of Accessories with Style (a company with a physical store), Hand Bags at Wholesale are able to offer real expert advice on all of the products they drop ship. Hand Bags as an item sell very well bringing in great margins. If you are looking to distribute hand bags though your online store, be sure to check out Hand Bags At Wholesale and see how they can help you grow.
