Drop shipper of exercise and fitness equipment AquaJogger is an American exercise equipment and accessories wholesaler and drop shipper based in Springfield in the state of Oregon. The founders of the company realized the need for an alternative to exercising and working out on land which can sometimes become strenuous.

Ergo, they have come up with the AquaJogger line of products that let people, athletes and regular fitness enthusiasts alike could use in water. Products offered by the company are a women's fitness system, men's fitness system, runner's rehab kit for women, runner's rehab kit for men, shape fitness systems for men and women, the AJ traveler system, moisturizing mists, and ultra-fast drying towels. To apply for an account with AquaJogger, one just needs to fill out the contact form found on their website, and a local representative will then be in contact to advise of the next steps, as well as discuss drop ship services. For other inquiries and concerns, they may be contacted by phone, email or fax. Customers may also visit their office in Springfield.
