Drop shipper of pet enclosures and accessories MPet is an American wholesaler and drop shipper of pet enclosures and accessories based in the City of Industry in the state of California. The company is comprised of staff that have over 15 years of experience in the pet security industry, having worked with several private labels and manufacturers in the past. Their products are manufactured in two locations in Guang-Dong in China. The products offered by MPet include bird cages in several designs, dog harnesses, pet shoes, pet apparel, pet costumes, plush dog and cat houses, dog and cat enclosures, dog and car carrying bags, and cages for small animals such as rabbits, guinea pigs and hamsters. To apply for a drop ship account, one needs to send MPet their business information by email. All required pieces of info can be found on the company's Dropship page. Each drop ship order is charged a \$2 processing fee, and there is no upfront cost to start an account. For all other concerns, customers may contact the company by phone or email.
