Drop shipper of general merchandise and giftwareThe directors of Drakus have been active in the Surplus and Liquidation arena since 1985. Initially we concentrated on Computers, Electronic Components and Consumer Goods. However, in the late 1990's we built up a strong reputation distributing a wide variety of household brands. Today we have an extremely versatile stock range - electronics, consumer retail goods, clothing and footwear, furniture, industrial machinery, automotive spares and much more.Please feel free to contact us should you wish to buy, sell or trade. We are aware that all business no matter what their size will have over stocks, surplus stocks, write offs etc. Call it what you like at the end it is stock that is surplus to requirement. Perhaps because of design modifications, seasonal variations, new lines being introduced, productions defects and many others. To dispose of these lines requires hours of research and answering worthless enquires.drakus.com offers you a better solution! If you have stock to sell please do not hesitate to contact us. We would like to make it clear that we only purchase clearance, surplus and liquidation stock - no regular or import lines.
