Drop shipper of general merchandise and gifts You concentrate on building your business and we'll fill all of your orders quickly and accurately. We offer the best drop shipping program available in this industry. Collect orders from your customers then send them into us and we will ship it right from our warehouse. One of the most successful reasons why businesses succeed online is fast shipping. Most people want their products right away and we do just that. Basically our drop ship program give you the option to carry the products on you website, set your own prices and take orders. Collect orders from your customers then send them into us. Once we receive the orders from you, we then process the order and drop ship the product to the customer. (Usually the same day we receive your order) Your order will be quickly processed and shipped to your customer. Once the order ships, we will send you the tracking number. You can pass this tracking information to your customer to increase customer satisfaction and ensure that your customer will want to buy from you again. Upon delivery, your customer receives an invoice with the product information, but no prices. Simply add our products on your website and start taking orders. You have control of how much to charge the customer for the product. When you receive an order, simply log into our Drop Ship Website and place your order. When we receive an order from you, we then process the order and ship the product to your customer. We accept Purchase Orders, Credit Cards and Paypal when you place your order.
