Wholesaler of energy conservation productsOUR PRODUCTS ARE MADE IN U.S.A.
Proudly celebrating our 14th year as a leader in home energy conservation! Since 2003 we have been dedicated to providing outstanding customer service and offering only the highest quality products! Your satisfaction is our PRIORITY!Among our products is the Attic Stair Insulator Cover - R-50+,
The only stair cover kit available that meets the 2009, 2012, 2015 International Energy Conservation Code (IECC) and the 2009, 2012, 2015 International Residential Code (IRC) - used in all 50 states and most jurisdictions! 2009 IECC Section 402.2.3 and 2009 IRC Section N1102.2.3 and 2012, 2015 IECC Section R402.2.4 reads: "Access hatches and doors: Access doors from conditioned spaces to unconditioned spaces (e.g., attics and crawl spaces) shall be weatherstripped and insulated to a level equivalent to the insulation on the surrounding surfaces."We also offer the E-Z Hatch Attic Access Door Available In R-42, R-50 and R-80. Standard or Locking Versions! INSTALLS IN MINUTES INTO A 22-1/2" x 30-1/2" ROUGH OPENING!! The E-Z Hatch Attic Access Door Panel Hatch System is an easy to install, easy to use, highly insulated door, panel, hatch system that installs in minutes and provides an air sealed, professional, high-quality, insulated access opening into the attic space. Triple gaskets provide an air tight seal! The core of the door is 10" thick and made of Expanded Polystyrene foam that provides a greater R-Value per inch than fiberglass. The face of the door is gloss white, durable, and easy to clean.Enjoy the The Fireplace Plug Chimney Draftstopper
ON SALE! The Fireplace Plug Chimney Draft Stopper is an inflatable urethane chimney plug measuring 38" x 16". A round Fireplace Plug Chimney Draftstopper is also available. It is quickly and easily installed in the fireplace just below the damper level. The Fireplace Plug Chimney Draftstopper can be adapted to work in almost all fireplaces. Even if you have an unusual construction, the Fireplace Plug Chimney Draftstopper can be successfully installed in less than 2 minutes. Visit our

website and learn more about our products.
