New York 13063

Phone: (315) 683-5606

Wrought Iron Dropshipping Village Wrought Iron Inc, is a New York based company dealing with, as its name suggests, wrought iron products for the home and garden since 1975. The products made by Village Wrought Iron Inc. are all lead free and finely hand crafted. They have everything from wall clocks, napkin holders, door knobs and handles, cup racks, plate holders, wine caddies, wine racks, mantle hooks, mitten dryers, key holders, wall hooks of different sizes, coat bars, and so much more. The website also has a separate section for drop shipping where all the details of drop shipping account, registration and the drop shipping rates are given, accessible by clicking on the View Current Catalog button. Village Wrought Iron Inc. also has a dedicated contact person for all drop shipping inquiries, concerns and orders. Though the website is always accessible, the company is closed on holidays, dates of which are posted on their website. And on Fridays, they close early at noon.
